A stunning and complete transformation in 2015 created one of Spring Lake's most admired estates. Every detail was carefully designed and crafted by one of the area's finest Builders, following a theme suggested by the Owner. Stylish and elegant; yet warm and comfortable--this home impresses in every way as a spectacular vacation villa or a satisfying full time residence. Where the home and property ends, the ocean begins, and there are peaceful water views to sooth the soul and remind us why we have always longed to be here. With over 7200 square feet of luxurious living space, this is an entertainer's dream, including an opulent kitchen, decadent master suite, and a resort-like property with heated pool, mature, private landscaping and cabana. The finished lower level features a large recreation area with bar and TV, along with a professional gym. Guests will love the whimsical bedroom on this level with multiple "bunks" and egress windows. The long amenity list will impress and tempt you; but this unique opportunity must be experienced in person to be appreciated
